SUMMARY

Computer Science graduate with experience in MERN Stack (React.js, Node.js, MongoDB) and building scalable web applications. Skilled in REST APIs, JavaScript, and OOP, with a strong foundation in Data Structures and Algorithms.

WORK EXPERIENCE

MERN Stack Intern | IIFA TECH

Nov 2025 – Present

Lahore, Pakistan

- Built and maintained full-stack web applications using React.js, Node.js, Express.js, and MongoDB
- Designed and implemented RESTful APIs for efficient data handling and system integration
- Developed secure authentication and authorization systems for user management
- Optimized application performance and enhanced UI responsiveness using Tailwind CSS

PROJECTS

EstateSphere – MERN Stack Real Estate Platform

GitHub Link: <https://github.com/AZahidTech/EstateSphere.git>

- Built a full-stack real estate platform using React.js, Node.js, Express.js, and MongoDB
- Implemented JWT-based authentication and role-based access control
- Developed RESTful APIs for property management and user operations
- Designed advanced search and role-based dashboards for improved user experience

TalentHub Pro – AI-Powered Recruitment Platform (FYP)

GitHub Link: <https://github.com/AZahidTech/TalentHubPro.git>

- Built full-stack AI recruitment platform using React.js, Node.js, MongoDB, Firebase.
- Integrated NLP-based AI chatbot for CV automation, candidate support, interview question generation.
- Developed role-based dashboards for candidates, companies, and admins.
- Implemented secure authentication, authorization, and real-time notifications.

Restaurant Application

GitHub Link: <https://github.com/AZahidTech/restaurant-application.git>

- Designed and developed a responsive restaurant interface using HTML, CSS, and JavaScript.
- Implemented interactive menu display and intuitive order placement functionality.

Airline Application Frontend

- Developed a responsive airline booking application using HTML, CSS, and JavaScript.
- Implemented dynamic flight listings, form validation, and seamless booking workflow.

EDUCATION

Bachelor in Computer Science | University of Central Punjab

Sep 2021 - Jan 2026

Lahore, Pakistan

- Relevant Courses: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), Database Systems, Web Development, Software Engineering.

SKILLS

Languages

C++, JavaScript, HTML5, CSS3

Tools/Frameworks

React.js, Node.js, Express.js, Tailwind CSS, Git, GitHub

Databases

MongoDB, MySQL

Other Skills

Data structures, OOP, RESTful APIs, JWT Authentication, Role-Based Access Control, AI/NLP Integration, Responsive UI Design, Debugging & Problem Solving
